Or use your store menu

The screenshot shows the Lineagráfica dashboard interface. The top navigation bar includes the Lineagráfica logo, a shopping cart icon with a '3' badge, a user profile icon with a '2' badge, an email icon, a trophy icon with a '19' badge, and a 'Quick Access' dropdown. Below this is a search bar and a 'Dashboard' section with a 'All shops' dropdown. The main menu is divided into two columns. The left column contains: DASHBOARD, CATALOG (highlighted with a red box), ORDERS, CUSTOMERS, PRICE RULES, MODULES, SHIPPING, LOCALIZATION, PREFERENCES, ADVANCED PARAMETERS, ADMINISTRATION, STATS, and SUPPORT. The right column contains: Products, Categories, Monitoring, Product Attributes, Product Features, Manufacturers, Suppliers, Tags, Attachments, Mover / Duplicar productos, Trier les produits, Store reviews (highlighted with a red box), and Products reviews (highlighted with a red box).

SEND THE OPINION REQUEST

1.First, customers must place an order to be able to leave a review about the store and the products they bought

If you want to try the module, you can simulate an order on your store

2.Configure the email sending in the module

2.1.Choose the validity of orders

VALIDITY OF ORDERS (IN DAYS):

Set the number of days after the order during which the module is allowed to ask customers for a review.

The module will send emails only for the orders that have been placed within the last X days.

It prevents customers to leave a review for old orders. We recommend you to set at least 30 days.

2.2.Select the order status in the module

SELECTION OF ORDER STATUS:

ID	STATUS	
1	Awaiting cheque payment	<input type="checkbox"/>
2	Payment accepted	<input type="checkbox"/>
3	Preparation in progress	<input type="checkbox"/>
4	Shipped	<input checked="" type="checkbox"/>
5	Delivered	<input type="checkbox"/>
6	Canceled	<input type="checkbox"/>
7	Refund	<input type="checkbox"/>

Choose the order status for which the module is allowed to ask customers for a review.

The module will send emails only for the orders with the selected orders.

It prevents customers that have not received their order yet to leave a review. You must choose at least one status.

2.3. Add your email address to receive a confirmation every time that the emails are sent to customers

CONFIRMATION EMAIL:

your_email@email.com

Every time the Cron is executed, a confirmation email is sent to the indicated email address

2.4. Customize the title of the emails that customers will receive

EMAIL SUBJECT:

English (English)

We want to hear from you

Español (Spanish)

Tu opinión nos interesa

Français (French)

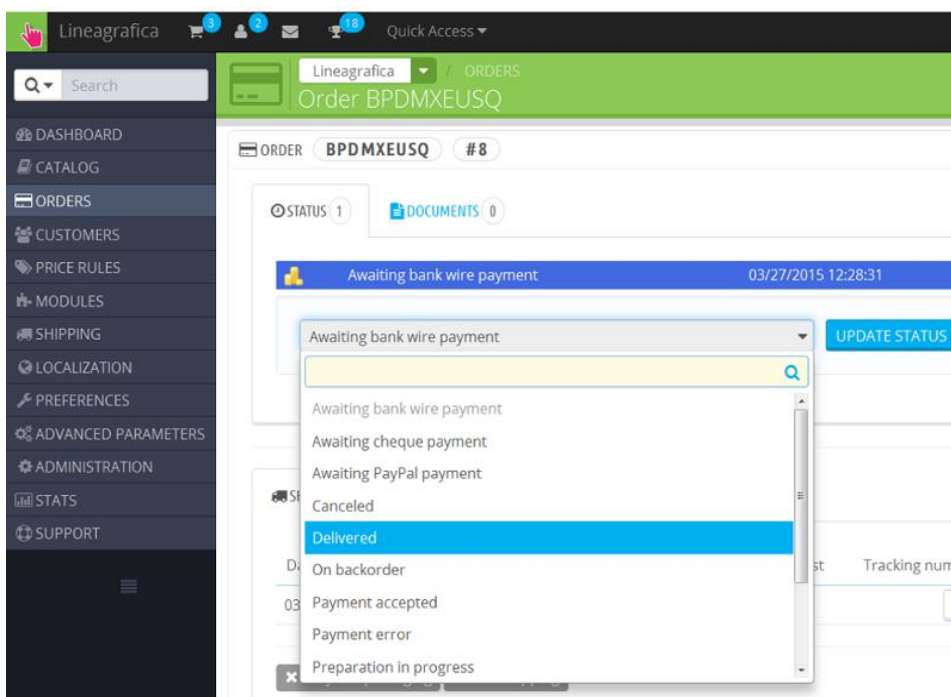

Votre avis nous intéresse

The module automatically detects all the languages of your store and allows you to add a different title per language.

2.5. Click on the button

Save

3. Change the status of your orders in your back-end from the menu *Orders* → *Orders*

4. Execute the Cron URL

The module provides you with a Cron URL that allows you to send emails to customers

Cron URL: [HTTP://LINEAGRAFICA.PSWEBSHOP.COM/MODULES/LGCOMMENTS/LGCOMMENTSSCRON.PHP?SECUREKEY=5357D38CDD4EF20B8FBD209BF136D7F8](http://LINEAGRAFICA.PSWEBSHOP.COM/MODULES/LGCOMMENTS/LGCOMMENTSSCRON.PHP?SECUREKEY=5357D38CDD4EF20B8FBD209BF136D7F8)

4.1. You can execute the Cron manually by copying / pasting the Cron URL into the address bar of your browser

→ The browser page will turn blank and you will receive an email confirmation at the indicated email address with the list of the processed orders

4.2. You can also execute the Cron automatically

→ To do so, we recommend you to install the free *Crontab for PrestaShop* module (<http://www.prestatoolbox.com/free-modules/115-crontab.html>) that allows you to schedule tasks that will be automatically executed at a certain hour or date. You just need to copy/paste the Cron URL into the module

5. Customers (according the selected order status and the order validity) will receive an email asking them to write a review about their order..

You can easily customize the content of this email by going to the /modules/lgcomments/emails/ folder

6. The link inside the emails takes customers to an opinion form that they must fill up

7. Once customers have written and sent their reviews, you just need to publish them (see the part [Manage your opinions](#))

UPLOAD YOUR UPLOAD COMMENTS

UPLOAD YOUR OLD COMMENTS

If you have old comments and you want to upload them to our module, you can use this feature to save time.

1. Use the left uploader for the product reviews and the right uploader for the store reviews

PRODUCT REVIEWS

STORE REVIEWS

Don't mix product reviews and store reviews inside the same file, the product reviews will be displayed on the product sheets and the store reviews will be displayed on the store widget and the store review page.

2. Click on the link - [Click here to download an example of CSV file](#)

3. Open the CSV file (with Excel) and respect the same format
